

**ANIMAS MOSQUITO CONTROL DISTRICT
CERTIFICATION OF 2022 BUDGET**

I certify that the attached is a true and accurate copy of the adopted 2022 budget of the Animas Mosquito Control District, Adopted at a public meeting on Monday, November 29, 2021.

Scott Maycock

Scott Maycock, Chairman of the Board of Directors

11-29-21

Date

ANIMAS MOSQUITO CONTROL DISTRICT

2022 BUDGET MESSAGE

Attached is the 2022 budget for the Animas Mosquito Control District (the “District”). As required by statute, the Budget summarizes all revenues and expenditures for the prior year, the current year and the proposed budget year.

The District provides mosquito abatement as a public health service to the property owners and residents within the District. The District’s primary source of revenue is general property taxes from a voter-approved 1.4 mill levy. The revenue from the mill levy will allow the District to meet increased demands for service, provide an increased level of service and develop capital facilities and reserves.

The proposed operating expenditures of the District in 2022 will be \$20,320 less than the budgeted operating expenditures in 2021. The operating expenditures will permit the District to continue to achieve its mission of controlling the mosquito population to protect public health, enhance comfort and prevent the spread of diseases that mosquitoes can carry and transmit to people, pets, livestock and wildlife.

The District facilities, which are centrally located on Trimble Lane in the Animas Valley, need to be expanded to meet increased demands for service. The District has been utilizing temporary storage units for several years while accumulating sufficient reserves to build new facilities. The 2019 voter approved mill levy will enable the District to address that much needed expansion. The new facility will require estimated capital expenditures in 2022 of \$1,150,000 which will include expanded vehicle bays, storage areas and offices. District staff has also developed a five-year capital replacement plan for District owned equipment. The 2022 capital budget includes approximately \$194,878 for equipment replacement.

As a result of voter approval of the mill levy in 2019, the District is no longer subject to the fiscal year spending limitations of TABOR. The tax revenue of \$1,039,067 will be produced by the approved levy of 1.4 mills based on an assessed valuation of \$742,190,760. The District uses the modified accrual method as the basis of budgetary accounting.

Animas Mosquito Control District			
General Fund Description	Actual 2020	Estimated 2021	Final Budget 2022
